

RED CROSS SANTA CLAUS SHIP TO GO OVERSEAS

ONE THREE-POUND PACK-
AGE FOR EACH BOY.

Boxes Must Be Obtained From
Red Cross and Mailed
by Nov. 15.

Many calls from mothers are being received at the Red Cross headquarters asking for information concerning the Christmas packages for their boys overseas, because the Red Cross is to be the Santa Claus authorized by the war department this year. No sleigh bells will jingle with his coming, but many hearts will be gladdened when the Christmas "ship" comes in.

There is not going to be a cartoon for one boy, a small package for another, and an empty stocking for another, either. Every soldier who has crossed the "ship" deep is to receive a package the same size, though the contents may vary according to the taste of the sender or the request of the boy.

One thing certain, there is to be no explosives—no toy guns, so to speak—for the Sammies are supplied with these by their stately Uncle Sam, in whose service they are fighting, and right valiantly. Under the head of explosives come cigarette lighters, matches, infernal machines and mechanical or other devices of composition which may ignite or explode.

No intoxicants.

Among other articles not allowable are all spirituous, vinous, malted, fermented or other intoxicating liquors of all kinds of color and brand, and compositions containing poison.

Other gifts barred are liquids or liquefiable articles, fragile articles and other admissible matter when packed in accordance with the requirements of the postal laws and regulations; all other articles which may kill or in anywise hurt, harm or injure another or damage or deface or otherwise injure the mails or other property.

Only One Parcel.

Each soldier is to receive only one parcel, because space is limited, and that parcel must not weigh more than three pounds. Nov. 15 is the last day on which parcels may be mailed and an estimate of the number that will be sent from any locality must be made by Oct. 25.

The head of the Red Cross will appoint a list of men and women who will be in charge of assembling and transporting the gifts and for the first time the Red Cross rooms will be converted into a Santa Claus storeroom.

All Red Cross chapters will receive a supply of labels and cartons. The sender must obtain these cartons or boxes from the Red Cross headquarters. They are of a uniform size, nine inches long, three and a half inches wide and four inches deep. The cartons are to be distributed to the Red Cross chapters Nov. 1.

Other official instructions received by the Red Cross are:

The label issued to the man overseas by the army authorities and forwarded by him to some relative or friend in this country will entitle the holder to apply to the local Red Cross organization.

Sour Stomach

Mi-o-na Puts the Stomach in
Fine Shape in Five Minutes

If your stomach is continually kicking up a disturbance, you feel bloated and distressed; if you belch gas and sour food into the mouth, then you need Mi-o-na Stomach Tablets.

Mi-o-na stomach tablets give instant relief, of course, but they do more; they drive out the poisonous gases that cause fermentation of food and thoroughly clean, renovate and strengthen the stomach so that it can readily digest food without artificial aid.

Mi-o-na stomach tablets are guaranteed to end indigestion, acute or chronic, or money back. This means that nervousness, dizziness, heartburn, loss of appetite, and all other stomach troubles will disappear. Druggists everywhere and Jo Anderson's sell Mi-o-na. (Adv.)

SUFFERED AGONIES

WITH HER HEAD

Was Almost Desperate, Says
Arkansas Lady, but Relief Finally
Obtained Through
Use of Cardui.

Ft. Smith, Ark.—Mrs. I. B. Clift, of this place, writes: "I am the wife of a grocerman in Ft. Smith, also Van Buren, Ark. For the benefit of my friends and all other women I am writing this.

"I have been troubled all my life with ... All my life from the time I was 13 years old, I suffered agony with pain in my head.... Our family physician doctored me, but did me no good. A friend told me about Cardui, and how much good it had done for other women. I was almost desperate, so decided to try it. I took two bottles.... and felt so much better in every way that I took another bottle, then another, which made my fourth bottle. This has been five years ago, and I have been.... ever since. I think Cardui a wonderful medicine, and I advise all women who suffer from womanly troubles to take it."

Cardui is recommended for weak, ailing women, who need a strengthening, tonic medicine to help build them up and assist in restoring normal, natural conditions. If you suffer, as most women do at times, from womanly troubles, try Cardui, the woman's tonic. Forty years of successful use are back of it.

At all druggists.—(Adv.)

tion for one carton.

The cartons must be packed by the relatives or friends and delivered, unopened and unsealed, to the Red Cross to be weighed, inspected, wrapped, labeled and delivered to the postoffice.

A written message may be inclosed. Certain articles prohibited by the postal authorities must be omitted.

The sender must furnish the necessary postage from place of mailing to Hoboken, N. J.

Each parcel must bear the label received from abroad, with the name and address of the soldier and the inspection label of the American Red Cross.

Inspected parcels must remain in the custody of the Red Cross until delivered by its representative to the postoffice.

In the event of a Christmas parcel being lost no duplicate can be issued. This rule cannot be altered by anyone.

Dr. and Mrs. Laughlin will reside at Mobile.

Lieut.-Col. Brown
Victim of Influenza

Lieut.-Col. C. Fred Brown, who was recently shell shocked in France, is now able to be out of the hospital, according to news received here Thursday by Mrs. Brown. In a letter to his wife, written Sept. 20, he states that he had also been suffering from slight attack of Spanish influenza, but hoped to soon be able to return to the firing line.

COMFORT KITS GO DIRECT

Red Cross Workers Given New Rules
on Knitted Goods.

Washington, Oct. 13.—Because of the scarcity of yarn, Red Cross workers were today asked by national headquarters here not to make direct distribution to drafted men of knitted articles made from materials provided by the Red Cross. Distribution of such articles to men in the camps and abroad will be made through the Red Cross and not individually.

The Red Cross also announced that the practice of providing comfort kits to men before they go overseas had been discontinued at the request of Gen. Pershing. The kits will be transported direct and distributed to the men after they arrive in Europe.

SERGT. A. B. CONNER NOW A LIEUTENANT

LOCAL BOY TRAINING WARE-
HAM, ENGLAND.

Capt. Campbell, Organizer of
Chattanooga Tank Com-
pany, Now Major.

Lieut. Albert B. Conner, youngest son of Mr. and Mrs. C. H. Conner of Mission ridge, has recently arrived in England and has been assigned to a school at Wareham for a special course.

Lieut. Conner volunteered for service in the United States army, May 1, 1918, joining Company C, 302nd battalion, better known as Chattanooga Tank company, with headquarters at Gettysburg, Pa.

Lieut. Conner was one of 115 men seeking to qualify for commissions. Of this number only fifteen were promoted. All were college graduates but young Conner, who writes his people that he enjoys it a great honor that he has been able to hold his own with the group. Excerpts of two letters follow:

"I am at last on my way somewhere—taking the trip I have looked forward to—and worked so hard for. I only regret that I could not let you know so you would not worry. We were given quite a send-off by the soldiers and people of Gettysburg, who learned we were leaving in time to get to the country round us. The weather has been almost perfect, and the sea has been smooth.

"We are on a British liner of over 9,000 tons, and it is well loaded with food and supplies. We have a very small cabin, but it is very comfortable. We have fifteen minutes' physical drill every day. We have three good meals a day and tea at 4 o'clock. I read and sleep the rest of the time. We also have a life boat drill during the day.

"September 9, 1918.

"We are all in school now and I am very thankful we have a school to attend. The country around us is very place. The camp is on a hill, well drained and the streets are paved so we don't have to wade mud. We have a fairly good hall ground. We have a bath house, a little branch (they call it a river here) and most everything we need except a city and some people. The men are well fed and are in barracks about the same as in the states. Lieut. Hinerman is a member of the battalion. J. C. Reed who was first sergeant in the Chattanooga Tank company, is in my company now. Capt. Campbell, who organized Company C, is now a major and is provost-marshal in London."

INFLUENZA

Amela, Caroline and Harvey Wilson, children of Mr. and Mrs. J. H. Wilson, of Lookout mountain, who have been ill of influenza, are improving, and their friends know they are well and have not been sick.
